

Energy Rescuers @ Blakeney CE VA Primary School

Why save?

The environment
Money
Helps other people
Less waste

How to evaluate?

We will look at our energy bills.

What did we do?

We have saved energy by only having our classroom heaters on for 2 hours a day.

The long-term impact?

We will share information at our federation meeting.

Learning and 'wow' moments?

The children have asked to turn off lights and heaters to save energy.

| Start Date: | Annual total for preceding year in KWh* | 1 month after programme | 6 months after programme | 1 year after programme | 2 years after programme | Cost saving per year (average) | % change in cost per pupil |
|-------------|---|-------------------------|--------------------------|------------------------|-------------------------|--------------------------------|----------------------------|
| Electricity | To be completed. | | | | | | |
| Heating | | | | | | | |
